## UGLY STORIES OF THE YACHT

CAPTAIN HARRIS IS REPORTED TO HAVE BEEN OBSTINATE AGAINST ALL SUGGESTIONS IN BEHALF OF SPEED—HUNG AROUND SAN PEDRO DOING NOTHING TO PREPARE FOR THE RACE—AN INVESTIGATION COMING.

The members of the yachting community of this city are very much disgusted over the rumors which have been leaking out in regard to the trip of the yacht Hawaii. When Captain Harris took command all had the utmost confidence in him, but it is claimed, and the stories told by the others who were on board the yacht bear this out, that he neglected many things which might have been conducive to a much faster trip.

In regard to the ballast which the Hawaii carried there has been considerable comment. When the vessel left this port she was acknowledged by all to be too far down in the water and while no specific instructions were given in regard to taking out ballast Harris had his attention called to the matter and was instructed to make experiments on the way up and to find out what was needed. It is stated that nothing of this kind was done and that from the time the Hawaii left this port till she returned nothing of the kind was done.

Another comment was made on the fact that though the Hawaii lay in San Pedro for almost two weeks Captain Harris did not take her out once for a single tuning up cruise, instead

of this saying that he was "too busy," and spending all his time in the social joys which were easy to find. William Waterhouse, who represented the local committee in Los Angeles, it is said tried to get Harris to change his ballast and so did Stroud, the mate of the little tallender.

On the trip down it is said that Harris resented any change which was suggested. When the members of the crew attempted to get the sails into better shape on the way down he ordered them to leave things alone and if any change was made when he was in the cabin he changed back when he came on deck. This was in addition to general disagreeable behavior to all on board.

When the race was about to start, Captain Sinclair, like the true sportsman which he has always shown himself to be, made suggestions to Harris in regard to the currents and winds just outside of the bay. Instead of taking these hints as they were meant, Harris believed that the Los Angeles man was trying to give him the "double-cross" and took exactly the opposite course. The result was that he was tied up in "a soft spot with a load of pig iron."

Other charges have been made which will be investigated by the committee.

## AN OUTSIDER FOR SEATTLE JOB

GOVERNOR FREAR DOUBTS IF ANY LOCAL MAN OF EXPERIENCE IN WORLD'S FAIR WORK CAN BE OBTAINED—HE TAKES A CUE FROM WASHINGTON THAT SOMEBODY FROM THE MAINLAND SHOULD BE EMPLOYED.

It does not seem likely that any local man will get the position of special agent to represent this territory at the Alaska-Yukon exposition which will be held in Seattle next year. Some individual of experience in this kind of work, who has been in a similar position in some of the great fairs held of recent years, is desired and it is probable that such an appointment will be made.

In speaking of the matter this morning Governor Frear said:

"It is probable that a man will be brought from the mainland to take the position of special agent at the Alaska-Yukon exposition. It is necessary to have a man of experience who will know just what to do with all the

details of the work. It is, of course, doubtful if such a man can be found here, and it has been suggested in the letters which I have received from Washington on the subject, that such a man should be obtained. We want some one who can do the work. It is not a question of giving a job to anyone.

The girl who can't cook should look before leaping into the matrimonial frying pan.

There is at least one woman in the world for every man in the world to think of.

Sheriff Haukea has expressed his satisfaction with the excellent conduct of the sailors of the fleet at Honolulu.

### HANAPEPE SCHOOL.

The Board of Education is making arrangements for a new school at Hanapepe. The present building is very poorly located in the Hanapepe Valley and it is proposed to exchange land with the McBryde Sugar Company, which will give the department five acres of good ground on the bluff. The County of Kauai is preparing to build a new road along the bluff which will run past the proposed site of the school.

### GET BACK STRENGTH.

You have had a hard season with the children and you need a rest, mebbe. Have you thought over the possibilities of Haleiwa in the recreation line? There is everything there to make you comfortable and the enjoyment and benefits you will derive from a few days visit there cannot be estimated in dollars. The cuisine is excellent and the rooms as good as you will have in your own home. Communicate with Mr. Biddood for accommodations.
